

LogiLink®

Art No.NS0002A

Fast Ethernet Desktop Switch 8-Port

Features

- Eight 10/100BASE-T Ethernet Ports
- Support Auto-Negotiation for 10/100Mbps
- Support Auto-MDI/MDIX for each port
- Support Full/Half duplex transfer mode for 10/100Mbps
- Complies with IEEE 802.3~IEEE 802.3u
- Built-in high-efficiency SRAM for packet buffer and 1K-entry look-up table
- Supports IEEE 802.3x for full-duplex flow control and back pressure for half-duplex flow control
- Support packet lengths up to 1536 bytes
- Support Store-and-Forward switching method
- Support Broadcast Storm Filtering Control

Environments

- Storage Temperature: -40°C ~70°C
- Operating Temperature : 0°C ~40°C
- Storage Humidity: 5% ~90% RH Non-condensing
- Operating Humidity: 10% ~90% RH Non-condensing
