8-Port Fast Ethernet Switch

The 8-Port 10/100Mbps switch is the perfect way of integrating 10Mbps Ethernet and 100Mbps Fast Ethernet devices. All eight ports are auto speed negotiating, and have automatic MDI/MDI-X crossover detection, so you don't have to worry about the cable type. Each port independently negotiates for best speed and half- or full-duplex mode, for up to 200Mbps of bandwidth per port. Fast store-and-forward switching prevents damaged packets from being passed on into the network.

Specification:

- 8 x 10/100BASE-T Ethernet Ports
- Supports Auto-Negotiation
- Supports Auto-MDI/MDIX for each port
- Supports Full/Half duplex transfer mode
- Complies with IEEE 802.3, IEEE 802.3u
- Built-in high-efficiency SRAM for packet buffer and 1K-entry look-up table
- Supports IEEE 802.3x for full-duplex flow control and back pressure for half-duplex flow control
- Supports packet lengths up to 1536 bytes
- Supports Store-and-Forward switching method
- Supports Broadcast Storm Filtering Control

Environments

- Storage Temperature: -40°C~70°C
- Operating Temperature: 0°C~40°C
- Storage Humidity: 5% ~90% RH Non-condensing

- Operating Humidity: 10% ~90% RH Non-condensing

Package Content:

- 1 x 8-Port Fast Ethernet Switch
- 1 x Power Adapter
- 1 x User Manual

Packaging Information:

- Packing Dimension: 165x90x100 mm
- Packing Weight: 0.47kg
- Carton Dimension: 480x220x340 mm
- Carton Q'ty: 20pcs
- Carton Weight: 10.8kg
